DARKNET

UNIVERSITY OF
CAMBRIDGE

Welcome to the Darknet! Here you can buy your favourite goods directly with next day delivery. Don't worry about the cost, we **will give you a budget that you can spend to your heart's content.**

In our shop, the goods are organised in categories. All you have to do is to **click on a category** you are interested in, select a tile and see what item it reveals.

If it's an item you like, you can **put it in your shopping trolley**. If you don't like it, press the back button, open another tile, or move to another category.

← Back

In the top right corner, you see **your shopping trolley**. When you click on it, you can check all the items you have selected. You can also remove items, if you want.

In the top left corner, you see **your budget**, which is initially set to £1000 and goes down with every purchase that you make.

Between your budget and your trolley is **a timer**, which is **set to 15 minutes** and counts down the time remaining for you to shop.

Next

As our shop has only been set up recently, some features are still being sorted out. For example, **items do not have a price tag yet.**

To find out how much an item costs, you'll have to put it in your shopping trolley and see by **how much your budget goes down.**

If you do not want the item anymore, you can remove it from your trolley using the remove button.

For the next 15 minutes, you can **buy whatever you like** and **however much you like**.

You have £1000 to spend. Make use of it because after 15 minutes, any money remaining will be lost.

Press the Next button when you are ready to start shopping.

TIME IS
RUNNING OUT!

Make sure that you use up your budget
because any money remaining will be lost!

Congratulations!

You are one of our lucky shoppers!

You get an extra £1000 from us
to continue shopping.

We have just learned that **there have been problems with the delivery**. The orders of all our customers have been mixed up. We are very sorry about the inconvenience.

Our customers are very important to us. We will now give all our customers the **opportunity to claim items free of charge**.

Next

You are going to see **a shopping trolley** in the middle of the screen with a light bulb on top of it.

From time to time **the light bulb lights up.**

The colour of the light will signal you whether the next item up for grabs will be **from your trolley or from someone else's trolley.**

Next

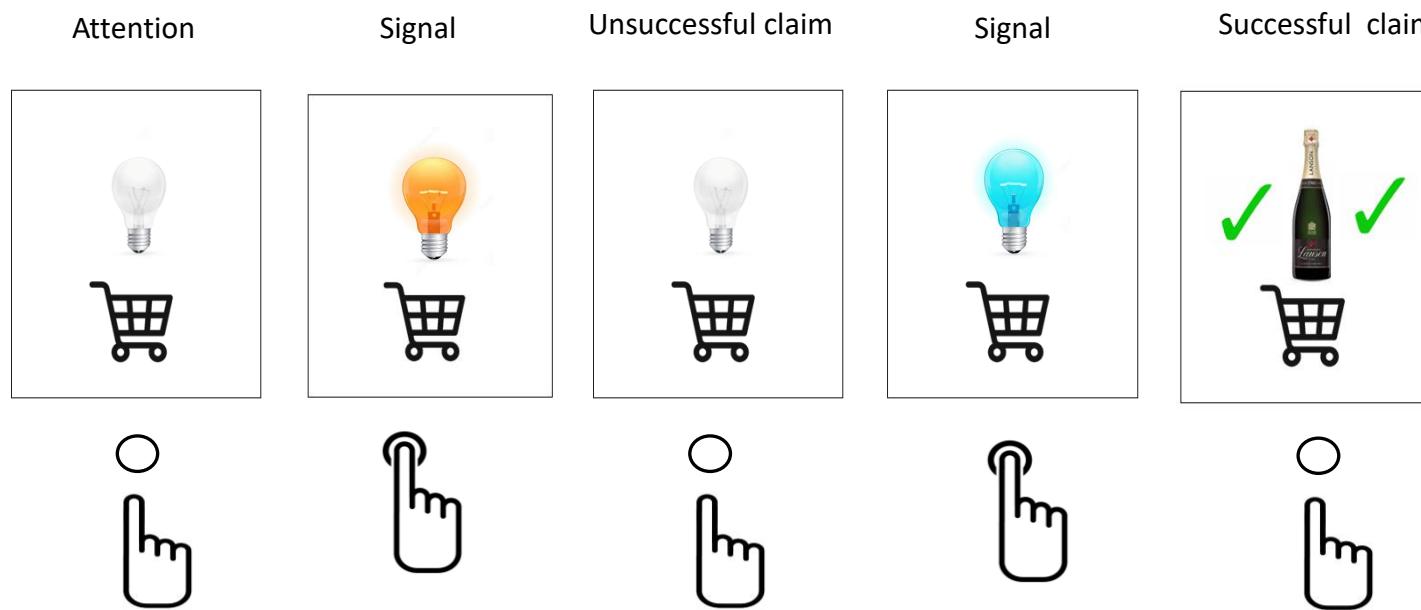

It may take a few trials to find out **which of the two colours is associated with your trolley** and which is associated with another customer's trolley. With this information in mind, you can then decide whether or not you want to make a claim.

If you want to claim the next item: **press the SPACE BAR** while the light is still on.

If you don't want to make a claim: **do nothing**.

The pictures below may give you an idea how it works.

Be aware that other customers are also online and may claim the same item. This means that **not all your claims will be successful.**

Next

This means that several outcomes are possible:

- You press the SPACE BAR and successfully claim the item.
- You press the SPACE BAR and nothing happens.
- You do nothing and nothing happens.
- You do nothing and you still get the item.

**In order to get what you want you need to work out
a strategy of when to act.**

Next

Please note that we will interrupt you from time to time to ask you how things are going.

Press the Next button when you are ready to start.

Next

Please mark on the line below how likely to be successful your claims were when you pressed the SPACE BAR.

not likely ————— very likely

Please tick the light that had signalled items from other customers' orders.

Well done!

You have managed to claim
many items successfully!

Please mark on the line below how satisfied you are with the items that you successfully claimed.

Before you leave our shop, we would like you to recommend us to others by getting them presents at our expense.

- For your mother: **a bunch of flowers**
- For your next-door neighbour: **a box of chocolates**
- For a 5-year old girl: **a cuddly toy**
- For a friend: **a book**

Make sure that you remember these 4 things because **you'll only have 5 minutes** to get them.

Press the Next button when you are ready.

Next

Just to double check that you know what presents to get. **Please tick the relevant items:**
